#### **Welcome to our 2023 catalogue!**

The first thing you will notice about this year's Mojo catalogue is a completely new look. We have updated our Logo, introduced a new colour scheme, and redesigned everything from POS and packaging to reflect our new vision for the company. The new style Logo and colour scheme is simple yet effective and is intended to showcase Mojo as a company that is both growing and maturing a process that will continue in the years to come.

The coming year will also see a major shift in direction for Mojo, no longer purely focusing on animal figures we will also be introducing a series of playsets. The playsets are intended to excite a child's imagination, to create their own animal world where stories come to life.

As important as it is to ignite a child's imagination, it is also vital to instil a love of animals and nature at a young age, inevitably this love will last a lifetime.

This year's new additions are wide and varied, Playsets, Gift Sets and Blind Bag options compliment the usual line up of new animals. We have a new sheep family, along with a quite impressive Green Anaconda, a cheeky Toucan, and a very affable Aardvark. There are additions to the Sea Life selection with a new Octopus and Whale Shark. Rounding off this year's new additions is a Woolly Rhino, a Giant Anteater, Orangutan and finally an updated Badger.

We hope you like the new look MOJO and that the 2023 range has something for everyone.

Many Thanks,

The Mojo Team

A large Spinosaurus with a red and green patterned back and a long, pointed snout is standing on the roof of a military Humvee. The dinosaur's mouth is open, showing sharp teeth. The scene is set in a misty, jungle-like environment with tall trees and a road in the background. The dinosaur's skin has a scaly texture, and its eyes are yellow.

### **Craft and Expertise**
